Mother Tells How New Herbal Balm Cured Eczema on Hands of Daughter.

AN INTERESTING ACCOUNT

DEXMA, the new herbal skin balm, may be used upon the skin of a delicate infant. This in itself shows how harmless this remedy is, but still it will clear up and cure such diseases as ulcers, sores and all forms of Eczema. Sufferers from skin trouble need not fear bad results with using this preparation. After a short treatment the skin will be as soft and elastic as a newborn babe.

Mrs. Mary Gawron, 641 Garland St., Toledo, says: "My little daughter, seven years old, had a bad case of Eczema on her hands. It was both unsightly, painful and itchy. We used but one box of DEXMA and the results were many times beyond our fondest expectations. The child is now well and we wish to endorse this remedy."

Do not suffer all day and lie awake all night or be afraid to see your friends because of a humiliating and unsightly skin disease. Use DEXMA and you will be proud of the condition your skin will be in.

German Socialists In The Reichstag Facing a Split

By Carl W. Ackerman.
(United Press staff correspondent.)
Berlin, Dec. 1.—Socialists in the reichstag are threatened today with a split. But, with exciting caucuses on, and with a week's recess of the reichstag likely, party leaders hope to effect fusion and present a solid front when sessions are resumed.

One group in the party is insistent that the government shall state acceptable terms of peace. The opposing group believes such an announcement would be a confession of weakness. Moreover, there is a split over the subject of the government regulation of food supply and prices.

A recess of the reichstag will allow time for the Greek diplomatic situation to develop and while authorities are confident that Greece will remain neutral, they are uncertain as to how

A Rip Snorting Time When the Herd Meets

The following innocent little invitation has been sent to members of the local lodge of Elks, all of which indicates there will be something doing at the lodge tomorrow evening:

There's going to be a rip snorting time at the roundup of the 336 Herd of Bucks, on their range next Thursday night, December 2, and you are ordered to report or get roped in, for all lone bucks found grazing or straying away from the big herd will be hauled in to the branding fire where Brother Pete will apply the hot iron, as he is incapable of doing.

The refreshment committee will have a big grub stake which will be dished out in big and mighty gobs; everything from mulligan to muck, after which there will be many fine prizes given to those roping in the largest wads of Mental English Plasters during the evening entertainment.

So Bill put on your chaps, and hang your big six-shooters to your belt, and ride to old 336 jay range and help us make it a howling old time.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping in the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force into unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

FIRM IN DENIAL OF VIOLATING THE LAW

Hamburg Official Says Company Insisted On Observing All the Laws

New York, Dec. 1.—Answering the government accusation that Hamburg-American officials in supplying German raiders at sea looked upon American laws as "scraps of paper," Karl Buehn, head of the company testified today that he had directed scrupulous observance of all American laws in making clearance. He denied that he had ordered the ships to register false destinations.

"We wanted our ships to go to stated destinations even if they were emptied of their cargoes by warships at sea," he explained.

Judge Howe refused the demand of Prosecutor Woods that the agreement between the Hamburg-American company and the German government for supplying ships be introduced, or that evidence concerning it already given be stricken out.

At the same time he allowed the prosecution's demand that a certain cablegram be produced or evidence about it killed. The defense however, refused to produce the cable, on the ground that this would reveal their secret code.

Cross-examination failed to shake Buehn's testimony. He declared that Germany cabled the location of the raiders in the Atlantic and that supply ships then got clearance papers for a port nearby.

"I knew that New York was full of allied spies," he said in explaining why he had not told the vessels cleared in the name of the Hamburg-American line.
